EDUCATION

2017 - Present
Istanbul, Turkey
Marmara University | Expected Graduation: 2021
Computer Science and Engineering (B.S.)

2019
Joensuu, Finland
University of Eastern Finland | Erasmus+ Exchange Program
Computer Science (B.S.)

2016 - 2017
Kocaeli, Turkey
Kocaeli University
Computer Science and Engineering (B.S.)
I transferred to Marmara University with 3.77 GPA

EXPERIENCE

Aug 18 – Mar 19
Remote
DollarVPN | Frontend Developer
I worked remotely for Dollarvpn.net, a VPN provider based in Norway.
I designed & developed the website with HTML&CSS

Jul 17 - Aug 17
Istanbul, Turkey
Microsoft | Summer School
I got selected for the Microsoft Summer School. I developed a mobile
application(Bitcoin101App - A starter guide to bitcoin) with Xamarin
using C#. I also made a multiplatform AI chatbot with Microsoft Bot
Framework, LUIS and Node.js using haveibeenpwned.com API

PROJECTS

2019
Duckimport [↗]
An open-source csv indexing tool for Elasticsearch. It is downloaded more than 200+
times. Coded in Node.js

2019
Betcoach.win [↗]
Sports prediction website and Telegram bot I made for a client. Firebase, Node.js and
React app.

2018
smsfor.me [↗]
Temporary phone number rental platform and SMS verification service. React,
Express, Firebase, Mongodb.

2017
Dataleaks [↗]
Database search engine for security researchers. PHP, MySQL web app.

2017
Habeibeenpwned Chatbot [↗]
Multiplatform AI Chatbot made for haveibeenpwned.com search. Written in Node.js
using Microsoft Bot Framework and Microsoft's Language Understanding (LUIS).

2017
Bitcoin101 Mobile App [↗]
Cross-platform app written in Xamarin using C#. It's a step-by-step guide to help
people learn about bitcoin.

ACHIEVEMENTS

2020 Feb
OBSS Code Master 2020, Marmara University Winner
I ranked #1 at OBSS's Code Master Algorithm Competition which is arranged at
Marmara University

SOCIETIES & MEMBERSHIPS

2017 - 2019
IEEE, Marmara University
I was an active member of the CSE and WIE societies. We organized the Pembe
Paret event in the International Women's Day and I made the event's website

SKILLS

Languages: C/C++, Node.js
